## Time to take a selfie old school style.....

.....with a digital camera!

Mr. Dornan is going to demonstrate how to set the timer so that you can take a creative self portrait with the digital cameras in class. All other picture taking devices are not allowed for this assignment. Once you have figured out how to take self portrait photograph by utilizing the timer you should begin focusing on getting creative with your ideas. Experiment with different lighting, props, angles, views, compositions, etc. when taking your self portraits.

## Assignment:

1. You are to take three different self portraits with this assignment:
  1. A Self portait experimenting with light
  2. A Self portrait with a prop
  3. A freebie.... Have fun with this!
2. Take self-portraits using the digital cameras in class. (The timers give you about 10 seconds to get ready). Remember to experiment with different variable to get a more creative photograph. Also, check out the link below for some creative ideas on self-portraits.
